

# VOLUNTEERS

“ I just love The Hanover Theatre, the BrickBox and the volunteers that have become my family. I try my best to do whatever I can for the patrons to make sure they have a good time because that’s what we’re here for! ”

David Faneuf

## H. Carter Hunt Volunteer of the Year 2023 David Faneuf

When he isn’t volunteering his time and talent, David Faneuf works as the Northeast Operations Manager for New Era Technologies, which installs phone systems and networks for major hospitals and healthcare systems, including Dana Farber and Tufts, in Massachusetts. About 11 years ago, David first heard there was a theatre in Worcester and his interest was piqued. He fell in love with our organization, and he wanted to join our family of volunteers from the beginning.

“When I walked in, I thought Oh my God...this place is so beautiful! I had no idea that there was a place like this in Worcester. I was just floored. To this day, I still feel the same way when I walk into the lobby. I still want to pinch myself because on top of it, I get to volunteer here, which is great!” explains David.

He would like people to know that the volunteers are involved because they want to help make a difference and give the people in our city a wonderful place to go, see shows and make memories that they’ll remember for the rest of their lives. David loves to be a part of the big moments that people experience in life, and the theatre offers many opportunities. In addition to the shows, he also loves to witness families and friends taking pictures, especially during special occasions and events.

“It is so adorable when families come in with their kids and I see that look of wonder and awe on their faces because it is the same way I feel every time I walk in. At Christmas, when it’s all decorated, it’s just magical. When they ask me to take picture in front of the trees I’m thinking...I just decorated that tree and this photo is going to be shared with their whole family!” says David.

THT is fortunate to have David as part of our family and we are grateful for his dedication and service to our organization.

## The Mighty Wurlitzer Team

We are grateful to this team who provides exemplary service in maintaining the Mighty Wurlitzer Organ, our treasured musical instrument. They take excellent care of the organ, so it always sounds its best, especially during our organ concerts, silent films and annual production of *A Christmas Carol*.

- Resident Organist • Dr. Jonathan Kleefield
- Donor and Technical Consultant • Donald Phipps
- Curator • Bruce Hager
- Asst. Curator • Jon Anderson
- Organ Team Member • Ralph Swick

# BRAVO TO OUR VOLUNTEERS

Our extraordinary and dedicated volunteers play a unique role as ambassadors, supporters, historians and tireless workers on behalf of THT. Since 2008, the volunteers have donated over 171,478 hours of service to our organization. At today's Massachusetts volunteer equivalency rate, that equates to over \$5.4 million of in-kind services. **They are our brightest stars and we are deeply grateful for all they do.**
