

IMPROVISATION

Recommended Grades:

Grades 6-8 | Grades 9-12

Are you looking for a way to get your class to step out of their comfort zone? Improvisation is a fundamental tool for anyone but especially helpful for those who want to get classrooms on their feet, work cohesively in groups, and support each other along the way.

Our Improvisation workshops help classes find spontaneity, on-your-feet thinking and decision making in both small and large group activities. It is also an essential team building tool as the main tenet of improvisation is the principle of “yes, and...”. Through a series of energizing games and activities, participants will be empowered by their individual and group success and buoyed by the power of laughter.

Topics Covered: Speaking and Listening, Team Building
