

HANOVER THEATRE & CONSERVATORY

STEAM WORKSHOPS

The Hanover Theatre Conservatory's STEAM and arts integrated workshops elevate school curriculum by giving participants the chance to experience it kinesthetically, through the arts and real-world application. Our workshops are facilitated by Master Teaching Artists and created in tandem with a MA licensed teacher. These workshops are aligned with CCSS and MA state standards and are a great way to help diversify classroom learning.

Workshops available include:

- Building Reading Comprehension Through Sound and Rhythm
- Exploring Story Structure Through Tableaux
- Extreme Weather: Problem Solving Through Role Play
- Improvisation
- Lights Up with Shadow Puppets!
- Math in Choreography and Dance
- Poetry in Motion
- Public Speaking
- Stage Lighting Stem
- Storytelling
- The Math Behind Scenic Design

Additional information:

- Workshops are \$450 each for up to 30 students. Accommodate more by booking simultaneous workshops.
- Workshops are onsite at The Hanover Theatre & Conservatory or your location.
- Workshops are designed to align as closely as possible to classroom curriculum, and we can customize as needed.
